About The Ebell’s Historic Campus

The historic Ebell structure and theatre were built in 1927 and designed by renowned architect Sumner Hunt. The campus originally served as a central hub for learning and arts lectures in support of the education of women; the Art Salon was one of the first art galleries in Los Angeles to showcase the work of female artists. With three levels and 80,000 square feet, the renaissance-inspired building is a noted architectural treasure listed on the National Register of Historic Places and a designated Los Angeles Cultural Monument. The building includes a grand dining room, art salon, courtyard garden, 1,238 seat Broadway-style theater and more than 200 smaller rooms filled with historical artifacts and original design details.
